

## **igus now offering instant technical support with live chat integration**

**Now customers can personal technical support instantly by chatting live with igus technical representatives on the igus website.**

For help with specifying parts, receiving quotes, solving application problems and troubleshooting mechanical issues, igus customers are now able to receive instant feedback from trained igus representatives via online chat. With the new integration of live chat capabilities, igus customers are able to receive answers to their inquiries instantly from trained technical representatives located around the globe.

### **Instant support for all igus customers**

With the integration of the live chat system, igus customers are now able to receive instant online support for a wide range of questions and concerns, including pricing quotes and sample request, as well as assistance in specifying, or even identifying igus components already in use. Live chat is now available on igus product pages, Monday – Friday during regular business hours. To learn more, or to take advantage of igus representatives via chat, please visit and of the [igus.com](http://igus.com) product pages.

### **About igus®**

igus® develops industry-leading energy chain® cable carriers, chainflex® continuous-flex cables, drylin® linear bearings and linear guides, iglide® plastic bushings, and igubal® spherical bearings. These seemingly unrelated products are linked together through a belief in making functionally advanced, yet affordable plastic components and assemblies. With plastic bearing experience since 1964, cable carrier experience since 1971 and continuous-flex cables since 1989, igus provides the right solution from over 100,000 products available from stock. No minimum order required. For more information, contact igus at 1-800-521-2747 or visit [www.igus.com](http://www.igus.com).
